### About me

I am a Full Stack Web Developer.

I just finished a 6 months boot-camp centered on MERN stack web applications, Agile methodologies and SEO services.

For the past 13 years I have been working as a bus driver and dealing continuously with a wide variety of people and stressful situations gave me the ability to communicate assertively and a wide set of skills in managing conflicts as well as the ability to keep calm and look for positive solutions.

### Projects

**Adopt a senior or a youngster,**

*Web Development Cohort final project*

Because I deal both with seniors and teens on my actual job and the fact that covid-19 aggravated the isolation conditions of the elderly and got the teens away from school, I came up with the idea of creating a platform that could provide assistance for the seniors and guidance for the teens through the help of volunteers.

### Certificates

- Ironhack Web Development Course

### Professional Experience

**Companhia Carris de Ferro de Lisboa,**

*Bus Driver*

06/2017 – present | Lisboa, Portugal

- Deal with all kinds of people from different backgrounds on daily basis

- Transported an average of 2000 people a day, that's 44000 people a month, 48400 per year, which means 6 292 000 over the last 13 years (most of them several times per day)

### Interests

**Ju-Jutsu** (I've begun practicing Ju-Jutsu as a way to deal with stress and soon became a passion),  
**Magic the Gathering** (It began when I was a teen and stuck until today. Every geek needs his geek hobbies.)
